

Home Connect®

FOR PROVIDERS

Physician-directed
pump refills and
maintenance from a
skilled nursing team,
delivered wherever
patients reside

AIS Healthcare
Targeted Drug Delivery

Advancing quality.
Improving lives.

Home Connect® includes:

- ✓ Routine and complex refills with independent programming validation between three qualified RNs
- ✓ A full physical and functional assessment
- ✓ Pump interrogations, adjustments, troubleshooting and maintenance
- ✓ Pump remote assistance
- ✓ 24/7 nurse access
- ✓ MRI pump support, if required
- ✓ Availability for frequent visits

Benefits of Home Connect:

- ✓ Enhances patients' experience by reducing the cost and inconvenience of traveling to appointments
- ✓ Improves outcomes by reducing missed appointments and increasing compliance
- ✓ Allows for office efficiency and lets practices focus on their core competencies

"It has been very convenient for our patients who need it, especially those who have difficulty getting to our clinic."

Anjum Bux, MD

Director at Large, Kentucky Society of Interventional Pain Physicians

HOME CONNECT IS NOT A SOLUTION FOR ALL PATIENTS—BUT FOR SOME, THE SERVICE PROVIDES THE CONVENIENCE AND FLEXIBILITY THEY NEED.

Get started today.

Contact your AIS Healthcare Regional Sales Manager to enroll your practice in Home Connect or one of AIS Healthcare's other care services delivered by a team of more than 190 skilled nurses.
