

# Home Connect

FOR PATIENTS

## Welcome to Home Connect

AIS Healthcare is the leading targeted drug delivery solutions provider that prepares and ships medication like yours to more than 30,000 patients across the country.

We also offer the comfort and convenience of targeted drug delivery care that comes to you. Learn more about how you can receive in-home pump refills and maintenance through Home Connect.

 AIS Healthcare

Advancing quality.  
Improving lives.

# What is Home Connect?

Through AIS Healthcare's Home Connect program, skilled nurses provide targeted drug delivery (TDD) care wherever you reside. Our Advanced Nursing Solutions team, with a combined 268 years of TDD experience, is available to travel to your home for routine or complex pump refills or maintenance.

## Home Connect offers the flexibility and accessibility to fit your lifestyle.

- ✓ **For busy professionals:**  
Appointment times that fit your schedule
- ✓ **For frequent travelers:**  
Maintain your therapy when you're away from home
- ✓ **For long-distance patients:**  
No need to travel for appointments
- ✓ **For transportation-challenged patients:**  
Mobility limitations won't limit your care

## Home Connect includes:

- ✓ A visit from a specially trained nurse, supported by a team of nurses who monitor each drug delivery procedure for programming accuracy and patient safety
- ✓ A full physical and functional assessment
- ✓ Around-the-clock access to nursing support and guidance
- ✓ MRI pump support, if required
- ✓ Availability for frequent visits for titrations and assistance with dose or programming adjustments

## Get started today.

Discover the comfort and convenience of in-home pump care. Talk to your healthcare provider about Home Connect, and contact us with any questions.
